## Best of Female Superstars

The biggest inspiration for revue the world over has always been top musical acts. So we've put together the greatest hits by the greatest stars of pop and dance music. It's the only chance for you, the public, to feel like you're in an hour-long video with Madonna, Lady Gaga, Kylie Minogue or Shakira.

## The world's greatest revues

The basis for every revue is the splendour of the national dances in the countries from which they originated. We offer you the world's folk dances, where you'll be enthralled by the artistry of the Brazilian samba, the class of the Russian Khorovod, the power of the Spanish Pasodoble and the unbridled joy of the French Can-Can.

## The Revue Show

This show is the crowning glory of everything which is revue, a full palette of styles and effects as seen worldwide. Come and experience the feathers of the Brazilian Sambadrome or Las Vegas and see the varied programmes of the Paris revue and Berlin Variete cabarets from the 1920s.
